Summary

I'm a postgraduate computer science student at the Vips(Ip University) with a strong passion for data science, machine learning, AI, and deep learning. My academic journey has equipped me with in-depth knowledge of machine learning, and I'm committed to continuous learning and exploration in the exciting field of AI.

In addition to my academic pursuits, I sharpen my critical thinking and problem-solving skills through coding challenges on platforms like HackerRank and LeetCode. I believe that the combination of theoretical knowledge and practical problem-solving is key to success in the ever-evolving world of technology.

I'm enthusiastic about collaborating with like-minded professionals, discussing emerging trends, and contributing to innovative projects. Let's connect and explore opportunities to work together in the fascinating realm of AI and data science.
